- (i) Councillor Gill referred to Minute 667/17, the Schools Donation and said the Council could not resolve to take £100 out of his Mayors allowance as that was for the Mayor to decide and that he had decided against it as he wanted the £100 to go to his charities. Councillor Laine referred to Minute 667/17 and said that Councillor Gill did agree to this. Following a discussion Councillor O’Kane said he would make the payment from his Mayor’s Allowance.
At this point Councillor O’Kane said that his charity for the year was Marie Curie Cancer Relief
- (ii) Councillor Laine referred to Minute 658/17 public participation and said Charles Maudling had said that an invoice had been

presented by Whitehaven Industrial Cleaners for approximately £1400 and that there had been full time security and medical staff at the ice rink and had asked what work did Whitehaven Industrial Cleaners actually do.

- (iii) Councillor Laine referred to Minute 659/17 on planning applications and her proposal that UKPC at the hospital should reimburse all the fines and said Councillor Gill voted against her proposal but that he had made a declaration of interest that his wife worked at the hospital and did not understand why he had voted. Councillor Gill said it was a non pecuniary interest and that he was able to vote. The Chairman said this would be noted and that it would be checked and reported back to the next meeting.
- (iv) Councillor Laine referred to the Financial Report and said it had been resolved that the Clerk would go back to Copeland Borough Council and go through all the invoices to check if the rent and rates had been paid in advance as at the November meeting the Clerk had said all rent and rates had been paid up front. The Clerk assured the Council that Copeland Borough Council had not been paid twice.
- (v) Councillor Laine referred to Minute 672/17 about rubbish in the harbour which she had raised and said every other Councillor had been named when they had raised an issue except her and it was agreed that the Minute be amended accordingly.

correct record subject to the above amendment.

683/17

Public Participation

- (i) Andrew Morgan said he lived on Meadow View and was seeking the support of the Town Council to create a residents only parking zone at Meadow View. He said the road was used by up to 5,000 vehicles per day with some cars recording speeds of up to 71mph. He said we now have a TRO proposing to double yellow line adjacent areas and that Meadow View would be the largest and nearest location with no parking restrictions from the centre of town southwards and that he wanted to make part of Meadow View a residents only parking area. He said Meadow View suffered from parking traced to Albion Square, the Post Office workers, Council workers and shop workers and that Meadow View should be made a residents only parking zone as it was the only short to medium term option to reduce further congestion and was asking for the Council's support for this.

Mr Morgan referred to a handout which evidenced the need for a refuse bin on the Whitehaven side of Meadow Road and said there was no bin between Whitehaven and Meadow Road cemetery up to Kells and the Marchon Club. He said the public have nowhere to dispose of rubbish and any help in getting a refuse bin would be appreciated.

The Chairman said he thought the most important issue was traffic and parking and thought the way forward was for the Council together with Mr Morgan to meet with representatives from Cumbria County Council and that he would contact Cumbria County Council about this.

Councillor Gill asked that a letter be sent to Cumbria County Council to support the proposal for Meadow View.

- (ii) Peter Tyson said that several meetings ago he asked the Council to consider having meetings at different venues and asked if this had been considered and had it been discussed. He asked the Town Council to look into having a lengthsman scheme as in the past he had been involved in a lengthsman scheme and it had made a big difference to the area.

- (iii) Eddie Nicholson asked what the proposals were for Britain in Bloom this year and said that he thought the town should be a bit cleaner than it is now.

He also asked some time ago if transport from Penrith into Workington could be extended into Whitehaven but had received no reply.

Councillor O’Kane said the Council were already looking into his first two points and that Britain in Bloom would need to be next year

Councillor Gill said the Council was setting up an Advisory Group to deal with Britain in Bloom and that the Council had partners working with it through the Whitehaven Locality Partnership.

Councillor Roberts said he had spoken with Mark Winter of Stagecoach Preston who said they were trialling a bus, the X9 from Whitehaven to Preston in conjunction with the X4 and X5 which runs from Workington bus station. Councillor Roberts said he was going to Preston and would be speaking with Stagecoach and would report back.

Mr Nicholson said Copeland Borough Council used to have a portable cleaning machine and asked what had happened to it. The Town Council did not know the answer to this.

- (iv) Charles Maudling gave his congratulations to Councillor O’Kane. He referred to a payment to Cumbria County Council of £353.86 for damage to lights and assumed that this must have been done by the contractor and asked if this money could be claimed back from the money paid to the contractor

Councillor Gill said the account was for storm damage to the Christmas lights and that urgent works had to be carried out.

684/17

Mayor’s Allowance

RESOLVED – That the Mayor’s allowance for the ensuing year be set at £3063.00

685/17

Planning Applications

- (i) Councillor Forster referred to planning application CH/4/17/2134/001 in respect of the demolition of a factory, Ivy Mill and said that although she didn’t want to see another empty

factory that Main Street was a very busy and hazardous road due to the fact that it was the access to the two secondary schools and two primary schools and that a new housing complex on the site would add to the road congestion making it more hazardous.

Councillor Laine said that we needed to see an impact assessment with regard to the proposed housing development

- (ii) Councillor Laine referred to planning application CH/4/17/2152/0G1 in respect of the demolition of Mark House and asked if this was a planning condition that was being removed because the Council had said that they want Mark House demolished asap. The Chairman said that everything was still under progress and that the Mayor of Copeland had said that we would see a big difference in 3 to 4 weeks. Councillor Gearing said there was asbestos in the building which had caused delays.

RESOLVED – That the Council raise no objections to the planning applications on Schedule 1 with the exceptions of:
Planning Application no CH/4/17/2134/0O1. The Clerk to write to the Local Planning Authority to ask that an impact assessment be carried out in respect of the proposed development
