ALLOTMENTS CONTRACT

To inform Members of the present position with regard to the contract for the management/administration of the Council's allotment and pigeon loft sites and to recommend that the Council make a resolution to suspend Financial Regulation 11 and all the other recommendations contained in paragraph 4 hereof

1.0 INTRODUCTION

- 1.1 As Members will recall Copeland Borough Council recommended the creation of the Parish of Whitehaven in the Borough of Copeland and this was brought about by The Copeland Borough Council (Reorganisation of Community Governance) Order 2014.
- 1.2 By this Order there was a transfer of certain land, property, rights and liabilities to Whitehaven Town Council namely:-
 - (i) Cartgate Allotment Site
 - (ii) Crow Park Allotment Site
 - (iii) Midgey Allotment Site
 - (iv) Sneckyeat Allotment Site
 - (v) Overend Pigeon Loft Site
 - (vi) Langdale Close Pigeon Loft Site
 - (vii) Calder Club Pigeon Loft Site
 - (viii) The Whitehaven Borough Council jewel

2.0 PRESENT POSITION

- 2.1 The allotment and pigeon loft sites are in the process of being formally transferred to the Town Council and the ownership will need to be registered with the Land Registry.
- 2.2 Copeland Borough Council entered into an Agreement with the

Town Council for the management of the allotment and pigeon sites and the terms were as follows:-

- (i) The Agreement was for a period from 1st June 2015 to 31st March 2016 with power to extend the Agreement with the consent of both parties.
- (ii) The payment of £1,910 per month to Copeland Borough Council for the provision of allotment management and maintenance services. At Appendix 1 is a schedule which was annexed to the Agreement and which lists the services to be carried out by Copeland Borough Council.
- (iii) Provision for additional fees to be payable to be agreed between the parties for cleaning sites; drainage repairs and the provision of any other horticultural or allotment management services as may be reasonably requested by the Town Council from time to time.
- (iv) The Borough Council did not enter into a further Agreement with the Town Council for the period 1st April to 31st March 2017 as the Borough Council's Solicitor informed the Town Council in May 2016 that he would be willing to enter into a contract until 30th September 2016 to allow for continued cover and also allow the Town Council to reconsider its position by either waiving the regulations or inviting two further quotations to be considered alongside the Borough Council's. Neither of these actions appear to have been carried out and Copeland Borough Council is still carrying out the allotment management/administration at a cost of £1900 per month.
- 2.3 The Council's Standing Orders and Financial Regulations apply to the Contract namely:-
 - (i) S.O. 10 which states that Members must ensure that value for money is obtained.
 - (ii) F.R. 11.1.b states that for contracts over £25.000 tenders should be invited.
 - (iii) F.R. 11.1.h which states that for all contracts under £25,000 quotations should be obtained or for contracts below £3,000 and above £100 estimates should be obtained.
- 2.4 It would not appear that there has been compliance with the Standing Orders and Financial Regulations and a way forward as previously recommended by the Borough Council's Solicitor

would be to suspend the Financial Regulations under F.R. 18 and then allow the Borough Council to carry on providing the service for a period of 3 to six months to allow tenders to be obtained for the provision of the allotment service.

Financial Regulation 18 states;-

"The Council may by resolution of the Council duly notified prior to the relevant meeting of Council, suspend any part of these Financial Regulations provided that reasons for the suspension are recorded and that an assessment of the risks arising has been drawn up and presented in advance to all members of the Council ".

3.0 RESOLUTION, REASONS AND RISK ASSESSMENT FOR SUSPENDING FINANCIAL REGULATIONS

- 3.1 Resolution That the Council suspend Financial Regulation 11
- 3.2 Reasons for Suspending Financial Regulations the reason for suspending Financial Regulations is that it appears that the Council may be in breach of their Financial Regulations in relation to the Allotment contract and suspension of the Financial Regulations will allow the matter to be regularised, tenders invited, evaluated, and a contract awarded and in doing so will ensure compliance with the Financial Regulations and the Council will be able to demonstrate value for money.
- 3.3 Risks of suspending Financial Regulations it is difficult to assess risks of suspension but there is a risk that Members will not be able to ensure that best value has been obtained and that the best available terms have been are obtained in respect of each transaction.

4.0 RECOMMENDATION

- 4.1 It is recommended that the Council resolves to suspend Financial Regulation 11 as stated in paragraph 3.0 above.
- 4.2 It is recommended that the Borough Council Continue to provide an allotment service in the interim.
- 4.3 It is recommended that Tenders be invited for the provision of an allotment and pigeon loft service for a period and on terms to be agreed by the Council.
- 4.4 It is recommended that Tenders received be opened and evaluated by the Council and a Contract awarded to the successful tenderer.

For those services listed in part B of schedule 2 a sum to be agreed by the parties hereto for the provision of those services shall be paid by the Parish Council to the Service Provider for the performance of those Services.

WEBSITE CONTRACT

To inform Members of the present position with regard to the updating of the Council's website and to recommend that 3 estimates are sought on the basis of an hourly charge for the work; that these estimates be considered by the Council and a contract awarded for a period to be agreed by the council and and that in the meanwhile the work continue to be carried out by the current provider.

1.0 INTRODUCTION

- 1.1 Members will be aware that several months ago the Council commissioned Cumbria Media to set up its website.
- 1.2 The website has been operational for some time and has been well received.
- 1.3 The website is updated on a monthly basis to include Agendas and Minutes and we are charged at the rate of £12 per hour for the work (the normal rate is £14 but we receive a discount). An average of 4 to 5 hours per month is carried out.
- 1.4 The Council did not obtain 3 estimates in accordance with Financial Regulation 11.1.h for this work but relied, it would appear on Financial Regulation 10.3 obtaining best value for money.
- 1.5 It is therefore recommended that ;-
 - (i) Cumbria Media continues to carry out the updating work until
 - (ii) 3 estimates are obtained based on an hourly rate for carrying out the updating work and
 - (iii) That the three estimates are considered by full Council and a 12 or 24 month contract be awarded.

Funding Application Form

1a. What is the value of the grant you are applying for? (minimum grant £100 maximum £10,000 except if approved by resolution at full council)

50% of year 1 £3,937.50 50% of total project £11,812.50

Cost of project per year £7,875 Total cost of three year project £23,625. Hence, a concurrent application with match funding.

Match funding is being sought from Copeland Community Fund, Cumbria Community Foundation, The Hadfield Trust and participating schools.

1b. Tell us about your project (Max 250 words)

The project will enable us to introduce the Olympic and Paralympic sport of Judo to as many pupils as possible via as many schools as possible in the Copeland and specifically the Whitehaven area. The projectile deliver Judo to 5 schools a term for a 10 block of 1 PE lesson a week. We have had success in the past whilst working with Copeland School Games and Copeland School Sports Partnership; when the funding allowed CSSP to put various sports within the curriculum time table. Schools are unable to offer Judo as part of the curriculum because of its specialist nature. The coach is a highly qualified & experienced individual who whilst increasing the children's skills levels within the sport also aims to raise self-esteem, self-confidence & raise aspirations. Schools enjoy Judo as it encourages individual and personal development which can not be achieved through other sports.

2. What difference do you want to make?

Please consider how it relates to Whitehaven Town Council? (Max 500 words: 10 marks)

The participants will be from the Copeland area and specifically a large number of schools will be from the Whitehaven Town Council area.including: St Begh's Catholic Junior School, Whitehaven St Gregory & St. Patrick's Infant School Valley Primary School, Whitehaven Hensingham Primary School Monkwray Junior School Kells Infants School Bransty Primary School Jericho Primary School St. James Junior School.Totalling approximately 1,140 young people benefiting from the participation in Judo as part of the PE curriculum gaining :an understanding in the Judo Moral code: a useful code for life: Fair Play, Honour, Respect, Courtesy, Courage, Modesty, Self control, Friendship.

3. Why are you the right group/organisation to do this work? (Max 500: words 10 marks)

We are a well established club founded in 1969. Having depth in our experience with a number of coaches who can deliver good quality Judo classes within the club environment. We have previous experience within schools Judo and a proven track record. We are the only club offering the delivery of schools Judo.

4. How do you know there is a need for your work, and who benefits from the work that you do?

(Max 1000 words: 15 marks)

With yet another successful Olympics and Paralympics TeamGB the British Government, UK Lottery, sport England and other sporting organisations are encouraging more school sports. The main target group is Primary school children (with an option to work with all educational establishments including secondary schools and colleges.) to encourage them in a sport that is not offered in most schools as aPE option due to it's specialist nature. This gives young people the chance to learn, try and develop skills to help with a healthy life style (Statistics for Copeland Obesity from JSNA 2015 state that 20% of year 6 pupils are obese.) and the option to progress from grass roots recreational club Judo via grades and competitions through the competitive route of club-county-area-national and international. The demand for the project by schools to continue proves that the delivery of Judo has been very successful.

The success of the Fighting Chance Projects' "Yellow Belt Challenge" (A key partner with the British Judo Association (BJA) The National Governing Body (NGB) for Judo in the UK) have offered in kind and financial support as their project allows with the progression from school to Dojo (the club) for specific disadvantage individuals requirements. In line with Sport England's

'Towards an Active Nation" strategy.

5. Please demonstrate why your idea is attainable? (Max 500 words: 10 marks)

Having had a successful 3 year project just come to an end.we have encountered various aspects and have learnt how to improve or continue on a positive trajectory with the delivery and organising of the project.

The project was very well received with a very high demand from schools to continue with the project this has been overwhelmingly encouraging. Hence, we are trying to secure an application with match funding for continuation of the project. Early discussions with potential funders have been encouraging so we believe the total project funding will be attainable specifically with Whitehaven Town Council as a key funder.

The Out Reach Programme's initial set up consisted of purchase of equipment as well as the delivery of Judo in schools this was supported by various funders including Copeland Community Fund, Cumbria Community Foundation, The Hadfield Trust, The Lions and The Whitehaven News.

The Club is a long established respected Judo Club. This has only been achieved due to the diligence of the club committee maintaining good accounts with financial reserves to put towards replacement mats and a permanent Dojo (Training facility.)

6. Over what time period will the project be completed:

Anticipated start date _enter__January 2017

Anticipated end date _enter __December 2019

7. ORGANISATION AND CONTROL (Maximum 500 words: 15 marks)

How will you organise and manage the delivery of the project?

How many volunteers will be involved in the delivery?

The project will meet the requirements of different funders and adhere to the British Judo Association (BJA) policies and syllabus etc.

We will liaise with schools adapting the course to any specific needs or requirements. The projects financial side will be controlled by the club chairman and the Volunteer co ordinator keeping it separate from the club's standard bank account etc.

The delivery of the project will be by a specialist schools Judo coach with unlimited support in kind by Copeland School Games Organiser Sonia Dryden

11. Your project has been a complete success, please give some thought to how you could continue the project if we were unable to provide further funding or indeed could only provide reduced funding a second time?

The key to the success of the project requires support from funding to provide a professional qualified specialist schools Judo coach who can give 100% effort to the project.

Reduced funding would limit the ability to deliver to as many schools.
