**1689/21**     **Public Participation**

A member of the public (MH) from Greenbank Community Hub said that he wished to speak and made the following points:

- He said he had a few things for Councillor Arrighi and our estate and ward. He said they had been promised a community sign for their estate and Councillor Arrighi had been up and judged a competition with Mike Starkie and Councillor Arrighi said she would put a fund bid into the Town Council for them to be able to get the sign and he still hadn't got it. The Chairman said the best way forward was that the Council would listen to what he had to say but that the Council would usually answer in writing later on and that the best way would be to put his complaints together and send them to Councillor Arrighi. MH said they did that but nothing gets done and that was why he had brought it to the meeting.
- MH referred to the donation of the hampers at Christmas time when they were told that they were getting hampers and he had received 2 bags and he believed that there were 50 hampers meant for the estate but that they had only got 2 hamper bags which only made 1 hamper for 1 family with himself and other people putting into the hamper. The Chairman asked Councillor Arrighi to make notes on what was being said and respond to MH in due course after the Meeting. Councillor Arrighi said she would and that she did speak to MH about this and said he had asked for a certain number of hampers but he couldn't give any names and addresses of

people who he wanted them to go to and that until he gave her that there was no way she could do it and she just couldn't deliver 6 or 8 to his house without knowing where they were going to and that she could ask Alan Forster to back her up on this because they were all on the WhatsApp group together

- MH asked where the hampers went because he had sent Councillor Arrighi a list and there were 14 families on the estate wanting hampers. Councillor Arrighi said she was sorry about this but because of circumstances she was not down here and relied on other people but that it had been made clear that he couldn't give them the addresses of people who wanted them. MH said if Councillor Arrighi was not here why was she passing the buck. He said Greenbank was the only community that got nothing and that Councillor Arrighi had said she could get him some money from the Town Council in summertime to feed the children but that he had had to go to another source and if it wasn't for Xtreme Fitness the kids again on Greenbank would have got missed. The Chairman said he didn't see any point in going back and forward on this and asked MH to put in writing his complaints about Councillor Arrighi and send a copy to the Clerk.
- MH said he had heard on the grapevine that there was £1,000.00 for their ward before the end of the financial year and he believed that Councillor Arrighi had asked for that to go to another organisation. The Clerk said individual cases could not be discussed. The Chairman asked MH to put it in writing and drop it off at the Council Offices.

The Chairman reported that the Presentation by John Baker, the Chief Executive officer of the Harbour Commissioners would take place at the next Council Meeting

## **1690/21 Code of Conduct Complaint**

The Council considered a report on the result of a code of conduct complaint. The Chairman said it was before the Council and the recommendations of CBC on this and asked Councillor Arrighi if she had anything to say. Councillor Arrighi said she wished to make a statement and said

“Personally, I want to make it clear that I will not be apologising for a matter regarding disclosure of my personal address. This issue has been misinterpreted and inappropriately documented in the Town Council Minutes of September 2020 which I declined to vote for and this is the reason why I declined to vote for it. Also, to add to that I also do not want it disclosed any further from certain Councillors as this would be perceived as bullying and harassment”.

The Chairman referred to the official findings of the Panel on Copeland Council and that being the case asked Councillor Arrighi to confirm that she was not prepared to follow out the recommendations of Copeland Borough Council's committee.

Councillor Arrighi said she had read out her statement and had no comments

after that.

Councillor E Dinsdale asked whose decision it had been to put the Code of Conduct report on the Agenda and was told by the Chairman and Clerk that all Code of Conduct reports were automatically put on Town Council Agendas irrespective of the result, that it was a public document and was on CBC's website and that it would be normal practice for the Clerk together with the Chairman to agree the Agenda

No decision was taken on this and the Code of Conduct report was noted.

CBC had asked if the Town Council would consider administering the Trust (with the CBC still holding the accounts and sending regular financial reports) particularly as it was for the benefit of young people in Whitehaven. The Clerk had indicated that there was no objection to this proposal. This had been carried out by CCC for a number of years. In order to have this work carried out by CCC in 2021/22 the Council had to consider suspending Financial Regulation 11 in accordance with Financial Regulation 18 which states “The council may, by resolution of the council duly notified prior to the relevant meeting of council, suspend any part of the Financial Regulations provided that reasons for the suspension are recorded and that an assessment of the risks arising has been drawn up and presented in advance to all members of council”. It was proposed by Councillor Hayes and seconded by Councillor Roberts that Members make a resolution to suspend Financial Regulation 11 to allow CCC to erect, maintain, dismantle and repair the Christmas lights in 2021/22 at a cost of £24,400.00 and that the reasons for the suspension contained in the report be recorded and the assessment of risks contained in the report be accepted and approved. toward the cost of repainting the gazebo based on a quote from CBC's contractor. The Council had also received two quotes from local firms for repainting the gazebo both of which were lower. Following a discussion Councillor Roberts proposed that no contribution be made to CBC for the repainting of the gazebo and this was seconded by Councillor Hayes. Councillor Dinsdale made an amended proposal that this matter be deferred to the next Council Meeting to look at the possibility of the Town Council taking on the whole project itself. This was seconded by Councillor Arrighi. A vote was held on the amended proposal and 3 Councillors voted for the proposal and 3 Councillors voted against. The Chairman then exercised his casting vote and voted against the proposal. The amended proposal therefore fell.

The Chairman reported that the presentation by Jenny Brumby would take place at the next Council Meeting

**1699/21 Hensingham Closed Churchyard**

The Council considered a report giving details on the maintenance responsibilities of a closed churchyard and also the present position with Hensingham Closed Churchyard.

There were no decisions taken on the report as it was for information only

**1700/21 Councillor Ward Matters**

- i. Councillor Hayes said they had had a bit of anti-social behaviour on Kells and had another meeting arranged with the Police to discuss ideas on how to counteract this. He said they were getting a couple of student police officers going up there more regularly so that was positive.
- ii. Councillor E Dinsdale wished to raise 2 matters
  - a) He said the cycle path on the C2C goes through 4 Wards – Councillor Maudling's, his own, Councillor C Walmsley's and Councillor L Walmsley's. He said he had been approached by residents about the possibility of getting some bins on the cycle path. Councillor Dinsdale said this was a massive tourist attraction for the area and brings in 100s of thousands of pounds to the Corkickle Ward alone from people who stay overnight and use hotel facilities. He proposed that the Councillors for the Wards which the cycle path went through should get together via a Zoom meeting to look at some

possibilities around improvements for the cycle path and feedback any proposals plus costs to full Council with recommendations and look at how we can move this problem forward. Councillor Dinsdale asked if it would be possible for the Clerk to facilitate a Zoom meeting between the Councillors and the Clerk agreed to this.

- b) Councillor Dinsdale said that he had been approached by the Chairman of WRL, Tommy Todd who had told him that the Club was going through some hardship at the moment due to covid and that he had asked if there was anything that the Town Council could do to try to assist WRL in going forward. Councillor Dinsdale said what he was proposing was to set up another group to look at possibilities as to how we can potentially offer some support for WRL and that he also proposed that we throw this open to all Members who would like to play a part in this Zoom meeting and asked if the Clerk would send an email out to all Councillors to ask if they would like to play a part in this and similar to the first item raised where we could look at some possible improvements that we could make towards the Club and then bring them back to full Council with recommendations. Councillor Gill pointed out that we had had this before and that WRL was a limited company and that as such we could not donate any money to them to help them. Councillor Dinsdale said he took this on board but he was just wanting to look at any possibilities and that the outcome of the potential meeting of the Council might be that we just can't assist but that he thought it was fair if it was agreed that we could put out an email to all Councillors who could then get their heads together and look at any opportunities and possibilities that we might have as a local authority to assist out local professional rugby league team. The Clerk confirmed that an email would be sent out to all Councillors asking who would be interested.

- iii Councillor Arrighi said she would deal with MH's complaints within the next couple of days and resolve the issues he raised tonight.
- iv Councillor Gill referred to the state of the roads at Hensingham and said he was going to do a video and put it on the CCC's website.
- v Councillor Roberts referred to speeding at HARRAS MOOR and said he was dealing with this with CCC.

### **1708/21 Presentation by Jenny Brumby**

A presentation was given by Jenny Brumby, CBC’s Buy Local Scheme Organiser which was an update of what was being done in Whitehaven. She made the following points:

- It was a very stressful time for businesses at Christmas and then we hit lockdown so again it was a difficult time for the businesses but many have done well with click and collect and asked that if anyone was struggling to let her know
- She was working with businesses to make sure they get grants etc
- She was working on a 12 month project for this year but it was difficult
- She was hoping to launch The Young Entrepreneurs market in May and it would be held once a month and building up from that and asked that if anyone knew of any young entrepreneurs who were setting up their own business and who like any advice or a free stall on a Saturday to link in with her
- There were a lot of exciting projects coming for Whitehaven and she would be able to give more details next month
- The loading bays in Whitehaven were waiting to be signed off by CCC

Questions were asked as follows:

Councillor Gill – We don't seem to be getting any meaningful consultation from CBC and didn't think that CBC takes WTC seriously

Answer – Jenny Brumby said she would feed this back but that this was one of the reasons that she was at the Meeting so that the Council would have someone to liaise with. She said she was there to get the Council's input.

Councillor Maudling – For the free market stalls can we make sure that the Young Entrepreneurs are given first choice.

Answer – Yes.

Councillor Rayson asked if there would be free parking in Whitehaven when the shops re-open and asked if there was anything that CBC and the HC could do about parking areas being free even for a short time.

Answer – That's something that I'm discussing at the moment but there has been no agreement but it was something she was pushing for.

Councillor Maudling said last year there were 3 towns namely Middlesbrough, Mansfield and St Helens that did free parking after 3pm and the retail business increased by 37%.

Councillor O'Kane asked if there was still an intention to work as a partnership to clean up the rest of the Town. Is it still under consideration?

Answer – Yes I had talks with Shirley and it is definitely something we wanted to do after Christmas and it should be in partnership with WTC, CCC and HC as it is more cost effective to work like that.

The Chairman thanked Jenny Brumby for coming to the Meeting.

The Chairman introduced John Baker the Chief Executive Officer of the Harbour Commissioners

John Baker said he was attending the meeting to explain the background on what they were trying to achieve at the moment and the challenges they were facing and then open the floor to any questions or suggestions

He made the following points:

- They were a non- profit organisation and every penny they made goes back into the Harbour infrastructure as it was a big estate to look after as there was 24 acres of Harbour which had to be cleaned and maintained every day and that was a big challenge
- They had 5 car parks across town, the Rum Story tourist attraction, the harbour facilities and the Rum Story shop. He said car parking generated the most income but due to covid the car parking revenue was down and also the Rum Story and Rum Story shop had been closed during lockdown
- That the passion of the local people about the Harbour is strong
- He said the Commissioners were not paid and worked on a voluntary basis and had a passion for the Harbour and Whitehaven
- Their vision was to conserve and promote the harbour
- There was a very small team of local people with a tremendous commitment to the harbour.
- Some of the ways the assets have been looked after is not good enough and there needed to be a gold standard of maintenance for the Harbour
- The Harbour was for everybody and he wanted to work in partnership with people
- They were looking at setting up a Harbour Users Group comprising people who use the Harbour and would like a representative from the Council and also a member of the public to sit on the User Group
- He said they were trying to be more active on social media to tell people what they were doing and would like representatives from the Town Council on this and also a member of the public
- He said the Harbour was very much part of the town and hoped that they could be included in things going on in the town
- The Lighthouses, the Crows Nest and the Wave all needed to be addressed and they had a lot of work to do.
- John said they were looking to maximise all opportunities and were open and trying to push things forward
- John said the Clerk had his contact details if any Councillor wanted to contact him or wanted to have a walk around the Harbour with him

Councillors asked the following questions:

Councillor Rayson – I would be looking to taking up your offer to have a walk

around and talk in depth, She said she had been to the Harbour recently and could see that improvements had been made already and asked John what his top 3 priorities were that he would like to address

Answer – The Crows Nest which was already being addressed

The Wave lit up and back to its best

The Lighthouses – the whole project itself to get them back to where they should be is over £200k

Get an events programme up and running so that there is an event every weekend

Councillor Rayson – Do you ever see the return of the Maritime Festival in some form

Answer – I wouldn't say we would do another Maritime Festival and wouldn't want to replicate that.

Councillor Maudling – Said he would love to have a walk around the Harbour and talk about several things. One of the biggest things was dog fouling and asked John if he could prosecute people for this

Answer – John said they were introducing new dog bins to replace the old dog bins and doubling the amount of dog bins around the Harbour. He said they were also going to provide plastic bags for people to use.

Councillor Gill welcomed John to the beautiful town of Whitehaven. He said he welcomed the idea of a user group and the more people who can have an input the better and it was nice to see some positive comments on social media.

Councillor Hayes – he said he had been working closely with John for the last couple of weeks trying to tidy up the lighthouses and get something done.

Councillor Roberts – Said there was mention of an activities centre to be built on the Harbour and asked if that idea had fallen through.

Answer – John said they were going through the final process of getting funding and the plan is that they hope to start work this June with a 12 month design and build to be ready for summer 2022.

The Chairman thanked John Baker for attending the Meeting

A Check on the internet had revealed that the phones retailed between £30 -£50 each. Following a discussion it was proposed by Councillor E Dinsdale and seconded by Councillor Maudling that

the phones be purchased from the contractor at a price of £50.00 and if anything goes wrong with them that they are repaired or replaced. A vote was taken and it was unanimously

Following a discussion it was proposed by Councillor Gill and seconded by Councillor Roberts that the quote of £1,900.00 for a new machine be accepted and that the Click Cost Contract for service and maintenance paying 0.25p for each mono copy and 2.5p for each colour copy be entered into for 5 years. A vote was taken and it was unanimously

The Chairman asked that order of the grant applications be reversed and the Ward Grant Applications for the schools be taken first and this was agreed.

**1713/21**      **Application for Councillor Ward Grant – BSPTA**

It was proposed by Councillor Roberts and seconded by Councillor Gill that the Councillor Ward Grant of £1,000.00 be awarded to BSPTA. A vote was held and 7 Councillors voted for and 1 Councillor abstained.

**RESOLVED** – That a grant of £1,000.00 be awarded to BSPTA

**1714/21**      **Application for Councillor Ward Grant – SJPSPTA**

Councillor Hayes declared an interest in this item as he was a Governor of SJPS

It was proposed by Councillor Gill and seconded by Councillor Maudling that the Councillor Ward Grant of £500.00 be awarded to SJPSPTA. A vote was taken and 6 Councillors voted for and 2 Councillors abstained.

**RESOLVED** – That the Councillor Ward Grant of £500.000 be awarded to SJPSPTA

**1715/21**      **Application for Councillor Ward Grant – SJISPTA**

The Council considered an application for a Ward Grant from SJISPTA. It was noted that SJISPTA had applied for their own bank account and were waiting for it to be set up and in the meanwhile any monies would have to be paid into the school bank account.

It was proposed by Councillor Gill and seconded by Councillor Maudling that the Councillor Ward Grant of £500.00 be awarded. A vote was taken and 6 Councillors voted for and 2 Councillors abstained.

**RESOLVED** – That the Councillor Ward Grant of £500.00 be awarded to SJISPTA

**1716/21**      **Application for Councillor Ward Grant – VC**

The Council considered an application for a Councillor Ward Grant because the application was not in accordance with the Guidelines and it was s137 expenditure. Following a discussion it was proposed by Councillor Gill and seconded by Councillor Maudling that the request be denied but that Councillor Arrighi be urged to contact the charity to ask them as a matter of urgency to put an application in off the Council's website for a grant from the Council's normal grants system and hopefully that would be looked favourably upon. A vote was taken and 7 Councillors voted for, 1 Councillor voted against and 1 Councillor abstained.

**RESOLVED** – That the request be denied but that Councillor

Arrighi be urged to contact the charity to ask them as a matter of urgency to put an application in off the Council's website for a grant from the Council's normal grants system and hopefully that would be looked favourably upon.

## **PHOTOCOPIER CONTRACT**

### **Purpose of the Report and Recommendation**

To consider the photocopier contract and to decide the action to be taken.

### **1.0 INTRODUCTION**

- 1.1 At the Extraordinary Council Meeting on 9<sup>th</sup> March 2021 it was decided that a new photocopier be purchased from the same contractor (Midshire) who had quoted £1900 for a new machine plus a Click Cost Contract for maintenance and repair for 5 years at a rate of 0.25p for each mono copy and 2.5p for each colour copy.
- 1.2 However due to an oversight 3 quotes had not been sought in accordance with Financial Regulation 11 and therefore the purchase and the Click Cost Contract for 5 years has not and cannot be actioned.
- 1.3 It was then discovered and subsequently confirmed in writing by the Contractor that the proposed new machine did not have a stapling function or a collation function both of which are necessary to us. The present machine does have these functions and the contractor had been specifically told that any new photocopier would have to have the same specification as the one we have now.
- 1.4 Councillors did ask if the present machine could be part exchanged with the proposed new machine but the Contractor said that they did not do part exchange.

### **2.0 RECOMMENDATION**

- 2.1 That quotes be taken from other contractors for the provision of a photocopier with the same specification as the present photocopier and reported back to Council.

**PROVISION OF LITTER BINS ON/OR NEAR CYCLE WAY AT WHITEHAVEN**

**Purpose of the Report and Recommendation**

To report on the views on an informal meeting of Councillors on the provision of litter bins on/or near the cycle path in Whitehaven and to decide whether or not the bins be purchased

**1.0 INTRODUCTION**

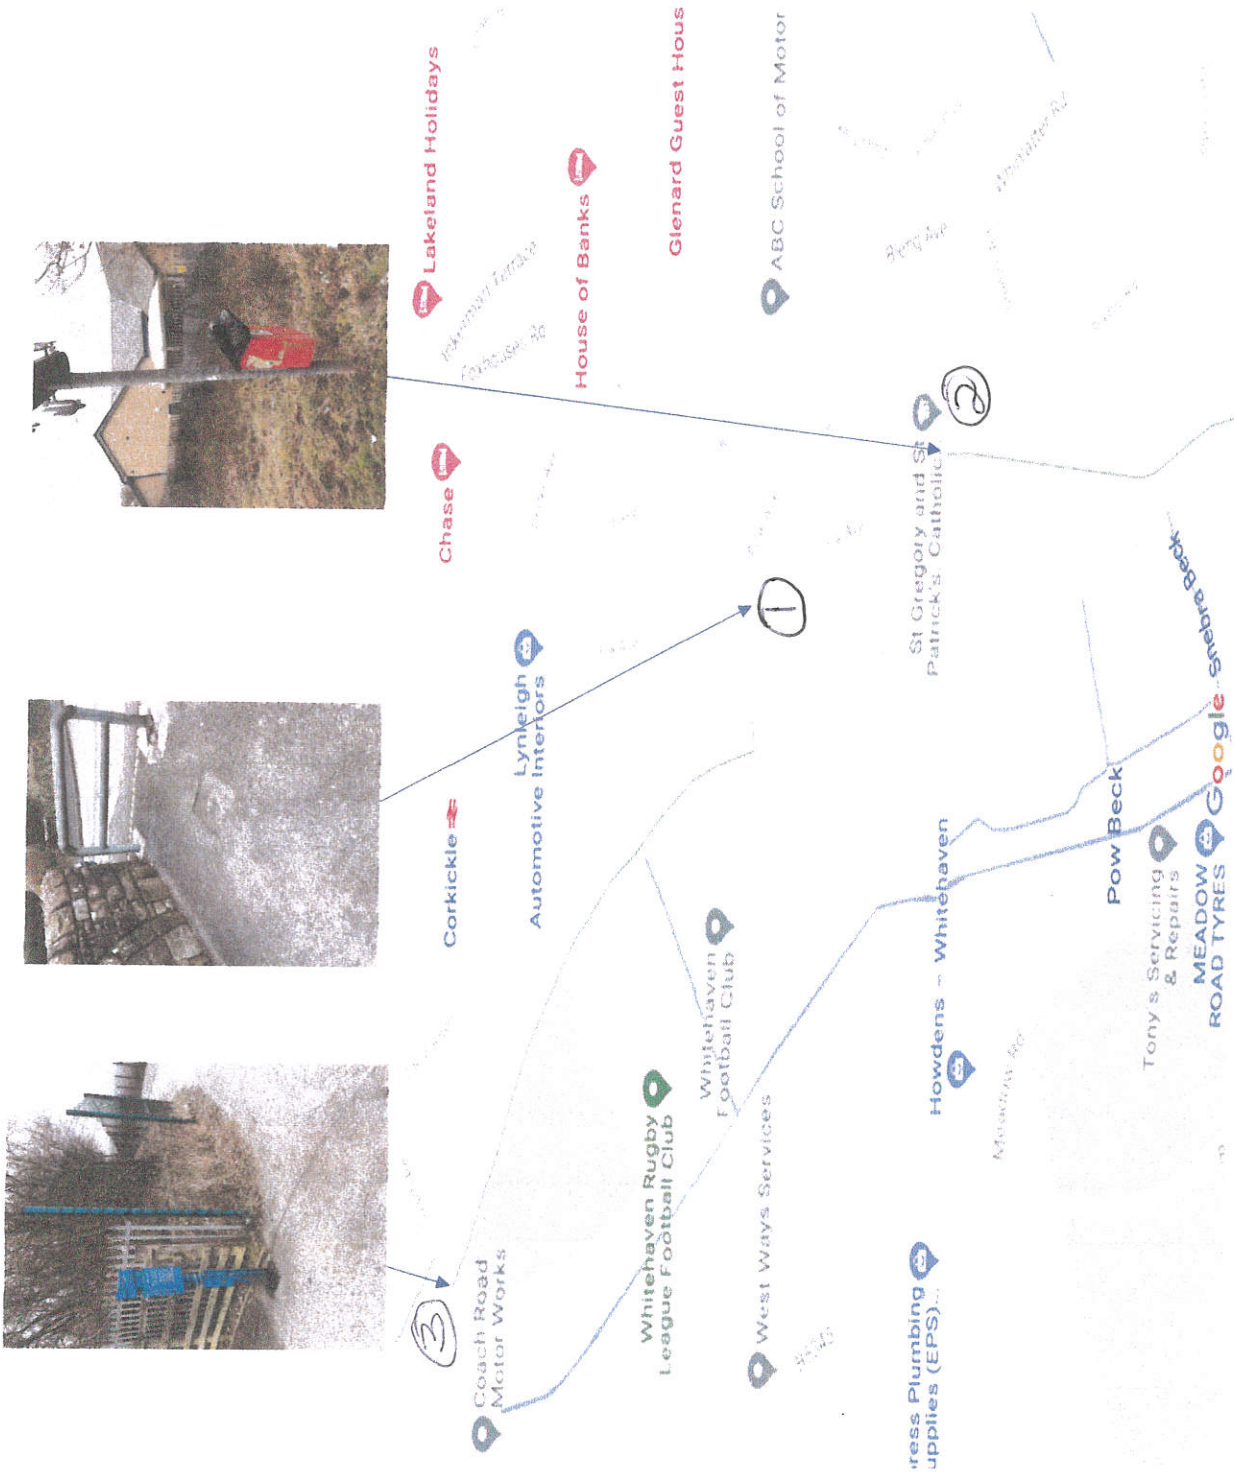

- 1.1 Members will recall that at the last full Council Meeting Councillor E Dinsdale asked for an informal meeting of Councillors to discuss the provision of litter bins on/or near the cycle way.
- 1.2 The meeting was held on Wednesday 10<sup>th</sup> March 2021 and Councillors agreed 3 sites for the proposed litter bins (see Appendix 1). The sites are the school side of Coach Road next to the coast to coast marker, on the cattle arch side of the barrier and on the grass in front of the dog poo bin.
- 1.3 Enquiries have revealed that CBC owns 2 of the sites for the proposed bins (see Appendix 2) but it is not known who owns the third site at Coach Road. It is thought by CBC that it may be owned by either CCC or Rugby Club but they have not replied as yet.
- 1.4 CBC Property Department have been asked if they would give the Council a licence to place the litter bins on their land and a reply was received to say that they would need to carry out a consultation and asked that confirmation be given that the Council would be responsible for emptying, maintaining and replacing the litter bins.
- 1.5 CBC Waste Department has been asked if they would empty the proposed bins as part of their normal rounds free of charge and if not what the charge would be but a reply has not been received.

1.6 Attached at Appendix 3 are prices for bins. Members will recall that the Council recently purchased and installed a Topsy Royale round bin at Beck Bottom. The Council's cost to go on the bins would be extra as would installation costs which are estimated to be £100 per bin.

## **2.0 RECOMMENDATION**

2.1 The Council has not received all necessary information as yet but may wish to make a decision in principle to decide whether to purchase in the first instance 2 bins (see 1.6 above for costs) on the basis that all necessary agreements are received from CBC contained in 1.4 and 1.5 above.

## Features / Specifications

The Topsy Royale is a traditional litter bin that will enhance any environment, well suited to town centres and heritage streetscapes. Topsy Royale will also complement modern architectural styles.

The circular design of the Topsy Royale creates a robust structure and provides ease of pedestrian flow when located in busy streets.

Topsy Royale is purpose designed for easy emptying without the need for strenuous lifting. The whole, lightweight bin body lifts off the base, the liner then requires only a short lift over the plinth. With a large capacity of up to 90 litres the need for frequent emptying is reduced.

Topsy Royale requires minimum maintenance as it is manufactured from tough vandal and weather-resistant Durapol® material. The hood is produced from 100% recycled material and is recyclable after its service life. The bin has been designed with chamfered apertures and a robust domed hood to help prevent littering. Topsy Royale has integrally moulded ridges to deter fly posting and graffiti.

Topsy Royale litter bin is supplied as standard with Gold or Silver decorative banding and the universally recognised 'Bin-It' symbol. The banding is set into specially designed recesses to ensure vandal resistance.

**REQUEST FOR GRANT FROM HOME TO WORK LIMITED**

**Purpose of the Report and Recommendation**

To consider a request received from Home to work Limited for a donation from the Council towards their projects and to determine the request.

**1.0 INTRODUCTION**

- 1.1 A letter has been received from Home to Work Limited whose registered office is Ennerdale Road, Cleator Moor for a donation from the Council for their project. (see Appendix 1).
- 1.2 Home to Work Limited is a limited company (company Registration no. 04173875) and has a charitable arm called Home to Work (charity no. 11144860). The registered address of this charity is Ennerdale Road, Cleator Moor and the charitable objects are “The promotion for the public benefit of urban and rural regeneration in areas of social and economic deprivation and in particular Cleator Moor and neighbouring communities (the area of benefit)”. - 1.4 It appears from the letter that the donation is to help cover running Costs of projects in their community.

**2.0 RECOMMENDATION**

- 2.1 It is recommended that a donation be not given for the following reasons:-

- The Companies and the Charity are all registered to an address in Cleator Moor and therefore outside the Parish of Whitehaven

4<sup>th</sup> March 2021

Dear Trustees

Home to Work Limited is the name for our registered charity which was set up in March 2001 and our social enterprise which is called Works 4 You which was set up in March 2006. With both services, we run a number of different projects to support people living in Copeland.

We welcome learners to our Home To Work projects and we employ seasonal workers for Works 4 You project from the local area (chronic deprivation) of all ages, who:

- Have been long term unemployed - NEET (not in Education, Employment or Training)
- Have no skills.
- Need support to enter the world of work.
- Are serving a Community Service Order with the local Probation Service.
- Have mental health difficulties: anxiety, depression, and PTSD.
- Have multiple complexed needs.

We currently have:

- 86 service users that access a mixture of our Homes To Work projects with Skills 4 You, Skills @ Home and working in the charity shop.
- 2 full time members of staff, a supervisor, and an apprentice and 14 seasonal workers with the Works 4 You project.

Other info:

- We operate an open-door policy, providing a holistic, bespoke service.
- Our Therapeutic Life Coach encourages a change of thinking: learning how to problem solve or get rid of self-defeating thoughts. She works with them identifying barriers and developing practical strategies to empower them to overcome these barriers.

In the last 12 months even with Covid-19, we have delivered:

- Skills 4 You to 61 learners which was set up to meet the needs of the rising number of unemployed people in Copeland. The charity's objectives are to relieve poverty, provide training, work experience with the aim of getting people back into work. Skills 4 You is proud of its track record enabling learners to actively engage in real life work settings, offering practical skills development with a choice of activities to address employment needs, expectations, and progression routes. We enable our learners to identify barriers, acknowledge actual barriers and work towards finding solutions. We run a choice of programmes: 1. Woodcraft, where clients learn

to make a range of items using recycled timber that can be kept by the individual or sold to support additional resource purchases. 2. Craft, where clients make a wide range of items using different materials and crafting techniques to create pieces of art.

- Skills @ Home to 16 learners, due to Covid-19 with lockdown and isolation, we developed this project by using technology as a way of linking our learners so they can support each other, our aim is to nurture this group with the aim of gaining trust, helping them to improve the quality of their life and preparing them for the next step, of joining our Skills 4 You programme, detailed above.
- Open when possible, our Cleator Moor charity shop with 9 volunteers where we sell 2nd hand items and pieces made in the woodcraft and crafts projects. We have learners that work in the shop which helps with their confidence and self-esteem while increasing their skills.
- Works 4 You with our 16 members of staff which is our social enterprise entity where we offer commercial and residential property maintenance services in Cumbria - [www.works-4-you.co.uk](http://www.works-4-you.co.uk) this was set up after we received funding from the European Regional Development Fund and the North West Development Agency to develop the company. Any profit generated by the company is gifted to the charity, Home to Work Limited, to run our charitable services. Works 4 You offers apprenticeship opportunities annually to give people the opportunity to gain a professional qualification and provide vital work experience on live projects. Our workers may go on to work for us on other projects or by setting up their own gardening business or find employment with other companies. Timescales are dictated by the growing season and customer needs, the season usually runs from April through to September with occasional works being delivered in March and October, Winter maintenance is from November to February. We have maintained 32 residential gardens for elderly and disabled people, maintained 28 domestic gardens, maintained 26 grounds contracts including: Cumbria County Council, Cleator Moor Town Council, Egremont Town Council and St Bees Town Council. And we have also supported community litter picks in Egremont, Cleator Moor and other areas.

For us to support all the above people with our projects, we need support with running costs to run all our services. We have our main community facility on Ennerdale Road in Cleator Moor and we have recently signed an agreement for an large space with BEC as part of their support to local charitable projects, which is an exciting time for us as it means we can do so much more, reaching a further 150 people each year. We will be setting up services at BEC from the 1<sup>st</sup> April 2021.

In 2021-2022, with both facilities, we will deliver:

- Skills For You to 200 learners.
- Skills @ Home to 40 learners.
- Works 4 You with our current staff, we have 60-80 contracted jobs on our waiting list.

In addition, we will reopen our charity shop, when it is safe to do so.
